WAYPOINT QUIVERS

The sleek and rugged Waypoint Quiver is designed with ultimate flexibility in mind. This quiver system holds all types of broadheads from mechanical to the biggest fixed blades. A compact molded hood design, coupled with our lightweight rods and proprietary mounting bracket, make this a quiver system you can rely on. Be confident your arrows are secured right when you need them with the Waypoint Arrow Quiver.

- ▶ Works on most vertical bows, crossbows & recurves
- ▶ Vibration reducing bracket
- ▶ Compact molded hood design
- ▶ Lightweight rods
- ▶ Quick-detach
- ▶ Ultra-quiet install/adjustments
- ▶ Integrated hanging loop
- ▶ Open hood cavity will not dull blades
- ▶ Accommodates standard & micro diameter shafts

3 ARROW QUIVER

- ▶ 5.6 oz
- ▶ 11" overall length

Black	1601321
OD Green	1601322
Realtree Edge	1601323

4 ARROW QUIVER

- ▶ 6.4 oz
- ▶ 11" overall length

Black	1601324
OD Green	1601325
Realtree Edge	1601326

WAYPOINT QUIVER

SECURE VIBRATION-REDUCING MOUNTING SYSTEM

Simple lightweight mounting base provides easy and secure attachment

Rubber mount easily slides into bracket for quick and easy attachment and detachment in dark conditions

Vibration dampening rubber mount and stainless steel lock pin clamps into bracket

POWER LOC 4 ARROW QUIVER

The Power Loc 4 Arrow Quiver is ultralight and ultra-compact. Alpine continues to use a variation of the very effective rubber mount that isolates noise and vibration between the bow riser, mounting bracket, and quiver.

- ▶ Full urethane foam-lined hood protects conventional and mechanical broadheads and minimizes noise
- ▶ Two-stage arrow gripper accommodates standard and micro-diameter arrow shafts
- ▶ Includes hang loop for tree hooks or tree limbs when hunting with detached quiver
- ▶ 6.3 oz
- ▶ 11 5/8" overall length

Black	1601146
OD Green	1601147
Realtree Edge	1601148

ULTRA-LIGHT POWER LOC QUIVER ULTRA-COMPACT

POWER LOC QUIVER

SECURE VIBRATION-REDUCING MOUNTING SYSTEM

Simple lightweight mounting base provides easy and secure attachment

Rubber mount easily slides into bracket for quick and easy attachment and detachment in dark conditions

Vibration dampening rubber mount and stainless steel lock pin clamps into bracket

SOFT LOC QUIVERS

The Soft Loc Quiver features dual-guide rails and a patented mounting system. The rubber mounting bracket reduces felt vibrations, acting as a practical dampener increasing the shot experience. Quick-detach features allow the quiver to be instantly removed when it counts. Great with mechanical broadheads and standard broadheads up to 1.5 inches in diameter.

- ▶ Work on most vertical bows, crossbows & recurves
- ▶ Quick-detach
- ▶ Ultra-quiet install/adjustments

3 ARROW QUIVER

- ▶ 9.4 oz
- ▶ 13" overall length

Black	1601140
